EXPERIENCE

Software Engineer [Digit Insurance](#)

July 2024 - Present

- Worked on multiple projects involving corporate and DigitPlus portals, using technologies like **Angular, Single SPA, and micro front-ends** to improve user interfaces and **application scalability**.
- Integrated **third-party APIs** and fixed bugs to enhance application functionality and reliability, contributing to higher user satisfaction and seamless performance.
- Optimized front-end components, **reducing loading times by 20%** and improving overall application responsiveness.
- Improved **state management with NgRx**, resulting in a 25% decrease in data inconsistency and smoother performance across applications.
- Implemented **modular** and reusable code structures, increasing development efficiency by 15% and enhancing the maintainability of front-end code base.

Front-end Developer Intern [Mudraksh & McShaw Tech LLP](#)

Mar 2024 - July 2024

- Spearheaded the development of Work Sage, an in-house application, leveraging **React.js, Tailwind CSS, MUI, and Redux Toolkit**.
- Streamlined employee productivity and efficiency, resulting in a **25% reduction** in task completion time.
- Implemented advanced features and functionalities, leading to a 30% increase in daily tasks completed per employee.
- Enhanced **data management and state handling with Redux Toolkit**, resulting in a 20% decrease in system errors and downtime.
- Collaborated closely with cross-functional teams to identify requirements and prioritize features, ensuring Work Sage met the evolving needs of the organization.
- Successfully deployed Work Sage company-wide, achieving widespread adoption and **positive feedback** from employees across all departments.

PROJECTS

[Doodle: Sketch Board](#) | [Live](#) | [NextJs, Tailwind CSS, NodeJs, WebSockets](#)

- Created a real-time Online Drawing Tool using **Next.js and Node.js**, enabling users to **draw, erase, and customize brush size and colors**.
- Implemented **undo/redo** functionality for easy correction and download options to save drawings as images.
- Facilitated **live collaboration** through link sharing, allowing multiple users to draw simultaneously on the same canvas.
- Utilized **WebSockets** for efficient and low-latency communication between users, ensuring a smooth and synchronized drawing experience.

[Foodie-Us](#) | [ReactJs, Tailwind CSS, Redux Toolkit, Firebase](#)

- Features a user-friendly food ordering application using **React and Tailwind CSS**, ensuring a responsive and visually appealing interface.
- Utilized **Swiggy's live API** to provide real-time access to a wide range of restaurants, menus, and food items.
- Implemented **Redux for state management**, enhancing the app's efficiency in handling user interactions and data flow.
- Ensured secure user authentication using **Firebase**, allowing users to register, log in, and securely manage their profiles within the app.

SKILLS

Languages

Frameworks

Libraries

Tools & Software

Soft Skills

Basic Proficiency

Javascript, PL/pgSQL, C/C++, Java, Typescript
NextJs, Angular, ExpressJs, Astro, NgRx, Tailwind CSS
React, Redux Toolkit, JQuery, Bootstrap, Zustand, WinSCP
NodeJs, PostgreSQL, Git, Github, Bitbucket, Postman, Shopify
Leadership, Event Management, Public Speaking
Jenkins, Dart, Python, Flutter, Troubleshooting

LEADERSHIP & ACHIEVEMENTS

- Solved 1000+ problems and participated in 80+ contests on platforms like LeetCode, GFG, Codeforces
- Co-Founder & President - Synergy Gaming Society of BPIT
- Google Cloud Skills | 10 Quests & 5 Skill Badge

Sep, 2021 - Jul, 2024
Jun, 2022

EDUCATION

Guru Gobind Singh Indraprastha University, New Delhi, India

Bachelor of Technology - Information Technology

Kendriya Vidyalaya No.1, Delhi Cantt, New Delhi, India

CBSE 12th - PCM

December 2020 - July 2024

GPA: 8.3

July 2020

Percentage: 84%
